

ISLAMIC UNIVERSITY OF SCIENCE & TECHNOLOGY

AWANTIPORA, KASHMIR

Math Festival

Organized by

Department of Mathematical Sciences

Department of Mathematical Sciences, Islamic University of Science and Technology, Awantipora, is organizing a MATH FESTIVAL on **Thursday, November 11, 2021**. The objective is to get the students interested in mathematics and encourage creative thinking and discovery. The festival format will be hands-on and will include group activities, games, talks and videos. Students will have a chance for detailed exploration on topics like the fourth dimension, square circles, tessellations, approximations and the applications of mathematics in art and local crafts. All COVID-19 related SOPs will be followed

Who can Register?

Only students from class 9th to 12th can register to join the event. Click below to register
