Revised PhD Results in the Department of Chemistry

Whereas, the Ph.D Entrance Results were issued on the University website vide no. IUST/DR/23/1195 dated: 13-09-2023.

Whereas, in the Department of Chemistry, a question had to be cancelled due to its ambiguity, resulting in an evaluation based on 69 questions instead of the original 70.

Whereas, in the chemistry subject, a candidate was required to secure 50% marks to qualify. In this case, 50% corresponds to 34.5 marks.

Whereas, it was realized that there was no way for a candidate to secure 34.5 marks as the marks awarded are in integers.

Whereas, representation made by a candidate regarding the unique situation of obtaining marks in fractions, was reviewed.

Now, as approved by the competent authority, one additional mark has been allowed in the score of every candidate, and the evaluation is now done out of 70 instead of 69.

In this regard, the revised results in the Department of Chemistry is as under:
