One-Day Exposure visit of Ayesha Ali Academy School of Kanipora Kulgam

Date: 09-09-2026

Target Audience : Students of Ayesha Ali Academy of Kanipora Kulgam

Description :

Awantipora, September 09 ,2026

The Islamic University of science and Technology (IUST), Kashmir, hosted an educational campus visit by Ayesha Ali Academy School on September 09 2026, providing students with an opportunity to gain practical exposure to Higher Education, Engineering innovation and emerging technologies

A group of 36 Students, comprising 17 male and 19 female students accompanied by 3 faculty/staff members, visited various academic and research facilities at IUST.

The Visiting students also offered students meaningful exposure to Mechanical Engineering Renewable/innovation technologies and practical application . The hands on demonstration helped them understand the importance of technical education , innovation and skill based learning.

Speaking about the visit the representatives of Ayesha Ali Academy School expressed their statisfication with the programme and appericated the informative and engaging Experience provided by IUST. They also suggested that more such practical Demonstration ,interactive laboratory sessions and educational Exposure visits may be organized for students in the future
