

**ISLAMIC UNIVERSITY OF SCIENCE AND TECHNOLOGY, KASHMIR**  
**Office of the Dean Research**

**NOTICE**

**Subject: Call for Proposals on Innovative Ideas - 'College on Wheels Program'**

As the university has launched the "College on Wheels" program, an innovative initiative aimed at creating a mobile learning experience for students that brings education to various communities and locations. During the interaction and orientation session held on 17th of August 2023, the objectives and broader frameworks for the programme were communicated with the girl students, who were told to contribute their innovative concepts, creative suggestions, and practical solutions about the journey, initiative or any other idea that could possibly shape the way we deliver education beyond the confines of our campus

All the female students/scholars who have already registered (with the Dean Research Office) for the said program are hereby again directed to submit a two-page proposal on their innovative ideas for the College on Wheels program, which would be submitted to the external panel of experts for further action as clarified. Teams of no more than five students or scholars may be formed as has been already communicated.

Kindly note that the idea should be a two (02) page report. The report may be mailed at [umar.afzal@iust.ac.in](mailto:umar.afzal@iust.ac.in)

The last date for submission of the proposal/ idea is **25-08-2023 (Friday)**.

**Dr. Monisa Qadiri**  
**Nodal Officer**
