Important Instructions:

1. Students should ensure that the requisite details in their University records are complete and accurate before approaching the Rumi Library for card issuance.
2. The RFID-based Library-cum-Identity Card is an important University credential and students are advised to keep the card safely for accessing Library services and other authorized facilities.
3. Any student unable to obtain the card within the prescribed schedule should contact the Circulation Section, Rumi Library, for further guidance.

All concerned students are requested to strictly adhere to the above schedule and extend their cooperation for the smooth and timely completion of the card-issuance process
