Outreach Program to encourage Science Education held at IUST

November 22, 2023 - The Department of Physics, Islamic University of Science and Technology (IUST) conducted recently an outreach program to foster scientific curiosity and knowledge among the wider community. The students and teachers from Govt. Degree Colleges of Boys Anantnag, Govt Degree College Boys Pulwama and Govt Degree College Girls Pulwama participated in the program.

The primary objective of this initiative was to bridge the gap between theoretical concepts in physics and their practical applications, thereby igniting a passion for scientific exploration among attendees, and was one of such initiatives taken by IUST to encourage the science education among the youth. The program covered a wide spectrum of topics, ranging from career options in Physics to the scope of higher studies in India and abroad. The attendees were immersed in captivating demonstrations showcasing principles of light, electricity, magnetism and the fundamental forces governing the universe.
