One Day Exposure Visit for Students of Govt Sheikh-UI-Alam Memorial Degree College Budgam

Date: 20-11-2025

Target Audience: Undergraduate Students of Govt Sheikh-UI-Alam Memorial Degree College Budgam

Description:

The Office of Community Connect (IUST), organized an exposure visit for the students of Govt Sheikh-UI-Alam Memorial Degree College Budgam. A group of 25 students, accompanied by 4 faculty members, visited the Department of Physics, the Department of Computer Science and Engineering, and the Centre for Innovation and Entrepreneurship Development (CIED).

During the visit, the students explored the MSc Physics Laboratory, where they engaged in various hands-on experiments and observed live demonstrations aligned with their curriculum. They also visited the High-Performance Computing Lab and Cyber Physical Systems, Robotics and Drone Lab, where they were oriented about advanced computational facilities, emerging technologies, and ongoing research activities within the department.

The exposure visit aimed to introduce students to modern scientific infrastructure, technological advancements, and research-oriented learning environments. The program provided participants with valuable insights into higher education opportunities and encouraged them to pursue careers in science, engineering and technology.

Coordinator,

Community Connect.
