IUST students secure placements in Bharat Electronics Limited

Awantipora, Nov 12: The Islamic University of Science and Technology (IUST) continues to strengthen its placement outcomes, with five students of the School of Engineering and Technology (SoET) securing placements in Bharat Electronics Limited (BEL)—a Navratna Public Sector Undertaking under the Ministry of Defence, Government of India.

The selected students include Arshad Yaseen (Electronics and Communication), Gousia Nazir (Mechanical Engineering), Naveed Ahmad Dar (Computer Science and Engineering), Numaan Aijaz (Computer Science and Engineering) and Aatif Sarmad (Electronics and Communication).

The University has congratulated the selected students on their achievement and wished them success in their professional careers. The encouraging placement outcomes reflect the University's sustained efforts towards enhancing student employability and expanding career opportunities through structured industry engagement.

To mention, the Centre for Career Counselling and Placements (3CP) has been actively working to strengthen the University's placement ecosystem through industry linkages, campus recruitment drives, internship opportunities and targeted training and career-readiness initiatives.
