

Department of Electrical Engineering

School of Engineering and Technology

Islamic University of Science and Technology

Vision and Mission

Vision

To become a leading centre of excellence in Electrical Engineering through quality education, innovative research and sustainable technological solutions for society.

Mission

1. Quality Education and Research

Engage in high-quality education and research with an eye on international standards.

2. Skills and Competence for Serving Industrial Needs

Produce skilled and competent manpower trained in Electrical Engineering and Technology for current and emerging needs of industry.

3. Holistic Development

Provide an interdisciplinary learning environment that is student-centric, value-based and promotes holistic student development.

4. Societal Relevance and Sustainable Development

Drive research and innovation in Electrical Sciences and Technology to serve societal needs with emphasis on sustainable development.
