MENTOR-MENTEE LIST (SPRING-2025)

To effectively address the academic and other concerns of students from B.Sc. Mathematical Sciences (FYUGP) 2nd, 4th, and 6th semesters, M.Sc. Statistics 2nd and 4th semesters, and B.Sc. Data Science (DS) 2nd semester, it is essential to establish a strong advisory system within the department. In this context, the following faculty members have been designated as mentors. These mentors are expected to hold regular meetings with their assigned mentees to identify their grievances and other issues. The mentors should thoroughly discuss the concerns raised by the students and report them to the Head of the Department. Records of all mentor-mentee meetings should be properly maintained.
