

## **Research Activities**

- **Specialized Focus:** The Center's dedication to West Himalayan cultures fills a crucial gap in research and education. This niche focus allows for in- depth exploration of the regions unique traditions, languages, arts and history. The Center has published a book and many research articles on the area. It has undertaken several research projects funded by various funding agencies of both national and state Governments. Currently, the Center is working on a Major Research Projects funded by the Ministry of Tribal Affairs, Government of Jammu and Kashmir.
- **Interdisciplinary Approach:** By encouraging collaboration between scholars from various fields like anthropology, history linguistics and art history, the Centre fosters a comprehensive understanding of west Himalayan cultures.
- **Cutting-edge Research:** The Centre has the potential to become a leading hub for innovative research, utilizing modern technologies and methodologies to document and analyze cultural heritage. This includes digital archiving, ethnographic studies and linguistic analysis.
