

## **CIED-IUST Foundation organized Seminar on National Energy Conservation Day held at IUST in Collaboration with GPC Pulwama**

Pulwama, March 6, 2025 – CIED – IUST Foundation at the Islamic University of Science and Technology (IUST) Kashmir organized a seminar on National Energy Conservation Day at Campus-III, IUST. This event was held in collaboration with the Government Polytechnic College (GPC) Pulwama.

The seminar was chaired by Prof. Parvez Ahmad Mir, CEO CIED – IUST Foundation. An expert talk on Energy Conservation was delivered by Dr. Asifa Baba, Dean of Students. The main focus was on the importance of energy conservation and the seminar aimed to raise awareness about sustainable practices among the participants. Dr. Asifa emphasized the critical role of energy conservation in shaping a sustainable future and encouraged students to actively participate in such initiatives.

The seminar was attended by students from all three branches of the polytechnic, along with the entire staff—both teaching and non-teaching. The event was graced by the presence of the esteemed Principal of Government Polytechnic College IUST, Mr. Parwaiz Ahmad Rather.

The collaboration between CIED – IUST Foundation and GPC Pulwama underscores the commitment of these institutions to promote energy-efficient initiatives and foster a culture of innovation and responsibility. Prof. Parvez, CEO CIED – IUST Foundation, expressed his gratitude to all the attendees for their active participation and emphasized the need for continued efforts towards energy conservation.
