

## **CIED-IUST Foundation Conducts Entrepreneurship Awareness Program in Rahmoo Schools**

April 17: CIED-IUST Foundation conducted an entrepreneurship awareness program across multiple schools in Rahmoo village, District Pulwama. Participating institutions included Kids Kingdom Public School, Islamic English Medium School, Government Higher Secondary School Rahmo, and Sheikh Ul Aalam Education Institute.

Organized under the leadership of Prof. Parvez A. Mir, CEO, CIED-IUST Foundation, the initiative aimed to inspire and educate students on the importance of entrepreneurship, innovation, funding opportunities and mentorship.

During the various sessions held across the schools, Mr. Adnan Ali Khan, Incubation Manager at DST i-TBI CIED-IUST, delivered an insightful talk on the Centre for Innovation and Entrepreneurship Development (CIED) and its initiatives. He emphasized the significance of skill-based and technical education for students, encouraging them to explore entrepreneurial paths. He advised them to visit CIED and take advantage of the various facilities available including AICTE IDEA lab, C4i4 lab and Ultratech Lab.

Mr. Showkat Ahmad Dar, Project Assistant STEM Program at CIED-IUST Foundation, also engaged with the students, informing them about the various workshops and skill development programs regularly conducted by the Foundation.

This outreach is part of CIED-IUST's continuous efforts to foster a culture of innovation and entrepreneurship at the grassroots level.
