

CIED-IUST Foundation Conducts Entrepreneurship Awareness Program (EAP) for Food Technology Students at Campus-III

14-05-2025: Students from the Department of Food Technology, Islamic University of Science and Technology (IUST) visited CIED-IUST Foundation as part of the series of Entrepreneurship Awareness Programs (EAP) at Campus-III. The program was conducted under the leadership of Prof. Parvez A. Mir, CEO, CIED-IUST Foundation and aimed to raise awareness about entrepreneurship in today's landscape.

The inaugural session of program was led by Prof. Parvez A. Mir in the presence of Dr. Tariq Ahmad Ganaie and Dr. Jasia Nissar, faculty members of the Department of Food Technology. Prof. Mir shared valuable insights into entrepreneurial practices and challenges. He also provided a comprehensive overview of the support mechanisms offered by CIED, including funding opportunities, business incubation services and initiatives designed to promote innovation and nurture entrepreneurial thinking.

As part of the program, students visited several laboratories at Campus-III, including the C4i4 Lab, the ACITE Idea Lab, and the Ultratech Cement Lab. During the visit, they were introduced to cutting-edge technological tools and machinery such as 3D printers, PCB Prototyping machine and laser cutting equipment.

The series of entrepreneurship awareness programs is scheduled to cover all departments of the University in a phased manner.
