

**Govt. Higher Secondary School Arihal Pulwama Visits CIED–IUST Foundation for Entrepreneurship Development Program**

28-07-2025: Students from Government Higher Secondary School Arihal, Pulwama visited the CIED–IUST Foundation at Campus-III of the Islamic University of Science and Technology (IUST). The visit was organized under the Entrepreneurship Development Program, aimed at nurturing the entrepreneurial mindset among school students.

The students were warmly welcomed by Mr. Syed Abdul Basit Andrabi, CEO, DST i-TBI at CIED–IUST Foundation, who provided an insightful overview of the Foundation’s mission and core objectives. He underscored the Foundation’s commitment to expanding educational access and addressing students’ aspirations through innovative outreach programs.

Mr. Basit also highlighted various ongoing initiatives under the CIED umbrella, with a strong focus on career guidance and skill development. He introduced students to the transformative potential of entrepreneurship and innovation, emphasizing the diverse and rewarding career opportunities available in these fields.

As part of the experiential learning component, students toured several high-tech labs within the campus, including the C4i4 Lab, AICTE IDEA Lab, Computer Lab and the Ultratech Cement Lab. They received hands-on demonstrations of advanced tools such as 3D printers, PCB prototyping machines and laser cutting equipment, offering them a tangible understanding of real-world technological applications.

The visit was designed to be both inspiring and educational, equipping students with valuable insights and exposure to emerging technologies. The program aimed to spark curiosity, build confidence and encourage exploration of future career pathways in technology, innovation and entrepreneurship.
