

**Govt Higher Secondary School Zoohama Explores Innovation and Entrepreneurship at
CIED–IUST Foundation**

October 5, 2026: Students and faculty members of Government Higher Secondary School, Zoohama, Chadoora, visited the CIED–IUST Foundation at the IUST Innovation Campus on Monday as part of an Entrepreneurship Awareness Programme (EAP) aimed at fostering entrepreneurial thinking, innovation and technological awareness among young learners.

The visiting students were welcomed by Mr. Shameem Iqbal, Manager, CIED–IUST Foundation, who briefed the delegation about the Foundation’s vision, mission and various initiatives designed to promote innovation, creativity, entrepreneurship and startup development among students and aspiring entrepreneurs.

Interacting with the students, Mr. Tahir Showkat, Assistant Manager, CIED–IUST Foundation, highlighted the growing significance of entrepreneurship in today’s rapidly changing professional landscape. He encouraged the students to develop a spirit of curiosity, creative thinking and problem-solving, while emphasising the importance of acquiring practical skills and exploring emerging career opportunities.

As part of the programme, the students undertook an exposure visit to several advanced facilities at the Foundation, including the i-Factory Lab, Design & Development (D&D) Lab, Training & Development Lab and UltraTech Cement Lab. The students were introduced to modern technologies and witnessed demonstrations of equipment such as 3D printers, 3D scanners, PCB prototyping systems, CNC machines and laser-cutting equipment.

The programme provided the students with an engaging learning experience and encouraged them to look beyond conventional career pathways by exploring innovation, entrepreneurship and emerging technologies as potential avenues for their future.
